

# Architectural/Interior Design Occupations

Baccalaureate Labor Market Analysis

September 2023

## SUMMARY

BDP PROGRAM RECOMMENDATION?	EVIDENCE OF A SUPPLY GAP?	AT OR ABOVE THE LIVING WAGE?	EXPECTED EDUCATION FOR MAJORITY OF OCCUPATIONS ANALYZED
 <b>Proceed with Caution</b>	 	 	<input type="checkbox"/> Doctorate Degree <input type="checkbox"/> Master's Degree <input checked="" type="checkbox"/> Bachelor's Degree <input checked="" type="checkbox"/> Associate Degree <input type="checkbox"/> Some College or Certificate <input type="checkbox"/> HS Diploma or Equivalent <input type="checkbox"/> Less than a HS Diploma <input type="checkbox"/> Apprenticeship
DOES A SIMILAR PROGRAM EXIST AT A UC OR CSU?	EXISTING ASSOCIATE DEGREE PROGRAM IN REGION?	NUMBER OF ANNUAL JOB OPENINGS	
<b>YES,</b> <b>a UC or CSU currently offers a similar program</b>	 	<b>HIGH</b> 	

The San Diego & Imperial Center of Excellence (COE) developed this brief to determine if an unmet workforce need exists for a baccalaureate degree program (BDP) for [Architectural/Interior Design Occupations](#). According to Assembly Bill No. 927, community college districts seeking approval for a BDP must 1) not offer “program curricula already offered by the California State University or the University of California” systems, 2) “continue to offer an associate degree program in the same academic subject”<sup>1</sup> of the proposed BDP, and 3) “provide evidence of unmet workforce needs.”<sup>2</sup>

This brief recommends that the San Diego & Imperial Counties Community Colleges to proceed with caution a BDP for [Architectural/Interior Design Occupations](#) because although 1) **entry-level and median wages are above the living wage** and 2) **a supply gap exists for these occupations**, a similar program already exists in the UC or CSU systems. Online job postings suggest a notable increase in median salaries for those holding a bachelor's degree.

<sup>1</sup> “The bill would require a community college district to continue to offer an associate degree program in the same academic subject for which a baccalaureate degree program has been approved, unless the community college district has received approval from the chancellor to eliminate the associate degree program, as specified.”

<sup>2</sup> “AB-927 Public postsecondary education: community colleges: statewide baccalaureate degree.” California Legislative Information. Accessed 09/05/2023. [leginfo.ca.gov/faces/billTextClient.xhtml?bill\\_id=202120220AB927](https://leginfo.ca.gov/faces/billTextClient.xhtml?bill_id=202120220AB927)

## INTRODUCTION

According to Assembly Bill No. 927, community college districts seeking approval to offer a baccalaureate degree program (BDP) must:<sup>3</sup>

1. Not offer a BDP or “program curricula already offered by the California State University or the University of California”
2. “Continue to offer an associate degree program in the same academic subject for which a baccalaureate degree program has been approved”
3. Identify and document unmet workforce needs “in the local community or region of the district”

To determine the need for a new BDP, this brief examines labor market information (LMI) for [Architectural/Interior Design Occupations](#) using the following Standard Occupational Classification (SOC)<sup>4</sup> code:

- **Architectural and Civil Drafters** (SOC 17-3011): Prepare detailed drawings of architectural and structural features of buildings or drawings and topographical relief maps used in civil engineering projects, such as highways, bridges, and public works. Use knowledge of building materials, engineering practices, and mathematics to complete drawings.
- **Architectural and Engineering Managers** (SOC 11-9041): Plan, direct, or coordinate activities in such fields as architecture and engineering or research and development in these fields.
- **Interior Designers** (SOC 27-1025): Plan, design, and furnish the internal space of rooms or buildings. Design interior environments or create physical layouts that are practical, aesthetic, and conducive to the intended purposes. May specialize in a particular field, style, or phase of interior design.
- **Drafters, All Other** (SOC 17-3019) All drafters not listed separately.

---

<sup>3</sup> “AB-927 Public postsecondary education: community colleges: statewide baccalaureate degree.” California Legislative Information. Accessed 09/05/2023. [leginfo.legislature.ca.gov/faces/billTextClient.xhtml?bill\\_id=202120220AB927](https://leginfo.ca.gov/faces/billTextClient.xhtml?bill_id=202120220AB927)

<sup>4</sup> The Standard Occupational Classification (SOC) system is used by federal statistical agencies to classify workers into occupational categories for the purpose of collecting, calculating, or disseminating data. [bls.gov/soc/](https://www.bls.gov/soc/).

According to available LMI, employers require a minimum educational attainment ranging from of an associate degree to a bachelor’s degree for [Architectural/Interior Design Occupations](#). On average, the entry-level hourly earnings for [Architectural/Interior Design Occupations](#) are \$36.37, which is more than the \$18.43 per hour living wage for a single adult in San Diego County.<sup>5</sup>

SOC Title (SOC Code)	Entry-Level Hourly Earnings <sup>6</sup>	Median Hourly Earnings	Typical Entry-Level Education
Architectural and Engineering Managers (11-9041)	\$67.79	\$82.21	Bachelor's degree
Architectural and Civil Drafters (17-3011)	\$27.19	\$30.45	Associate degree
Drafters, All Other (17-3019)	\$27.11	\$36.03	Associate degree
Interior Designers (27-1025)	\$23.38	\$31.21	Bachelor's degree

The following sections “assess the workforce value of [a] proposed baccalaureate degree program” for [Architectural/Interior Design Occupations](#) in accordance with AB-927.<sup>7</sup>

## BDP PROPOSAL REQUIREMENTS

### UC and CSU Programs

According to AB-927, community colleges must not offer a BDP or program curricula already offered by the CSU or UC systems. To determine if a BDP already exists for [Architectural/Interior Design Occupations](#), the COE examined CSU and UC programs in related Classification of Instructional Programs (CIP) codes.<sup>8</sup>

According to CIP data, the following institutions from the UC and CSU systems offer programs related to [Architectural/Interior Design Occupations](#) (Exhibit 1). Refer to Appendix A at the end of the brief for a list of program titles and award types associated with the related UC and CSU programs.

#### Exhibit 1: California UC and CSU Institutions with Related Programs by CIP Code (2021)<sup>9</sup>

## Existing Associate Degree Program(s)

AB-927 also states that districts should “continue to offer an associate degree program in the same academic subject for which a baccalaureate degree program has been approved.” To determine if an associate degree program in the same subject area exists, the COE reviewed the [California Community Colleges Chancellor’s Office’s official TOP-CIP crosswalk](#) and found that there are six TOP codes and 15 CIP codes related to *Architectural/Interior Design Occupations* (Exhibit 2).

### Exhibit 2: Chancellor’s Office TOP-CIP Crosswalk for Baccalaureate Degree Programs

TOP Code	TOP Title	CIP Code	CIP Title
	No Match	04.0201	Architecture
0201.00	Architecture and Architectural Technology	04.0202	Architectural Design
0201.00	Architecture and Architectural Technology	04.0401	Environmental Design/Architecture
	No Match	04.0402	Healthcare Environment Design/Architecture

## WORKFORCE NEEDS ASSESSMENT: SUPPLY VS. DEMAND

According to AB-927, community colleges must identify and document unmet workforce needs “in the local community or region of the district.” To assess the regional workforce need for [Architectural/Interior Design Occupations](#), this section compares educational supply with labor market demand.

### Educational Supply

Baccalaureate educational supply for an occupation can be estimated by analyzing the number of completions<sup>11</sup> in related CIP codes. According to CIP data, the following institutions supply [San Diego County](#) with awards for [Architectural/Interior Design Occupations](#) (Exhibit 4).

#### Exhibit 4: Number of Completions by Postsecondary Institutions (San Diego County, 2021)

CIP Code	CIP Title	Completions (2021)
04.0902	Architectural and Building Sciences/Technology	
	<ul style="list-style-type: none"> <li>• Newschool of Architecture and Design</li> </ul>	66
50.0408	Interior Design	
	<ul style="list-style-type: none"> <li>• Design Institute of San Diego</li> <li>• Newschool of Architecture and Design</li> </ul>	18 19
<b>Total</b>		<b>103</b>

<sup>11</sup> Completion numbers include bachelor's degree programs or higher.

**Exhibit 5: Number of Completions by Postsecondary Institutions (California, 2021)**

CIP Code	CIP Title	Completions (2021)
04.0201	Architecture	335
04.0401	Environmental Design/Architecture	49
04.0501	Interior Architecture	77
04.0601	Landscape Architecture	154
04.0901	Architectural Technology/Technician	0
04.0902	Architectural and Building Sciences/Technology	822
15.1301	Drafting and Design Technology/Technician, General	142
15.1302	CAD/CADD Drafting and/or Design Technology/Technician	49
15.1303	Architectural Drafting and Architectural CAD/CADD	43
50.0408	Interior Design	217
<b>Total</b>		<b>1,888</b>

**Labor Market Demand**

Between 2022 and 2027, employers in San Diego County will need to hire 650 workers annually to fill new jobs and backfill jobs due to attrition caused by turnover and retirement for Architectural/Interior Design Occupations (Exhibit 6a).

**Exhibit 6a: Labor Demand (Annual Job Openings) for Architectural/Interior Design Occupations**

SOC Code	Occupational Title	Average Annual Job Openings (2022-2027)	
		San Diego County	California
11-9041	Architectural and Engineering Managers	338	2,883
17-3011	Architectural and Civil Drafters	152	1,570
27-1025	Interior Designers	136	277
17-3019	Drafters, All Other	24	1,444
		650	6,174

Between 2022 and 2027, **Architectural/Interior Design Occupations** are projected to increase by **337** net jobs or **five percent** (Exhibit 6b). Employers in San Diego County will need to hire **650** workers annually to fill new jobs and backfill jobs due to attrition caused by turnover and retirement, for example.

**Exhibit 6b: Number of Jobs for Architectural/Interior Design Occupations (2012-2027)**

### Demand vs. Supply

Comparing labor market demand (annual job openings) with educational supply (bachelor’s degree completions) suggests that there is a **supply gap** for **Architectural/Interior Design Occupations** in San Diego County, with **650** annual openings and **103** awards. Comparatively, there are **6,174** annual openings in California and **1,888** awards, suggesting that there is also a **supply gap** across the state <sup>12</sup> (Exhibit 7).

**Exhibit 7: Labor Demand (Job Openings) vs. Educational Supply (Completions)<sup>13</sup>**

	Demand (Job Openings)	Supply (Completions)	Supply Gap or Oversupply
San Diego	650	103	547
California	6,174	1,888	4,286

<sup>12</sup> “Supply and Demand,” Centers of Excellence Student Outcomes, coecc.net/our-resources

<sup>13</sup> This is a basic analysis of supply and demand of labor. The data does not include workers currently in the labor force who could fill these positions or workers who are not captured by publicly available data. This data should be used to discuss the potential gaps or oversupply of workers; however, it should not be the only basis for determining whether or not a program should be developed.

## OTHER LMI TO CONSIDER FOR PROGRAM DEVELOPMENT

### Online Job Postings

This report analyzes not only historical and projected (traditional LMI) data, but also recent data from online job postings (real-time LMI). Online job postings may provide additional insight about recent changes in the labor market that are not captured by historical data. Between 2019 and 2022, there was an average of 2,805 online job postings per year for *Architectural/Interior Design Occupations* in San Diego County (Exhibit 8). Please note that online job postings do **not** equal labor market demand; demand is represented by annual job openings (see Exhibit 6a). While this brief includes online jobs postings data to help with curriculum development, the community colleges should note that this type of data is impacted by several variables: employers may post a position multiple times to increase the pool of applicants; a job posting can remain posted after a business decides not to fill a position; or an employer may use one posting to fill multiple positions, for example.

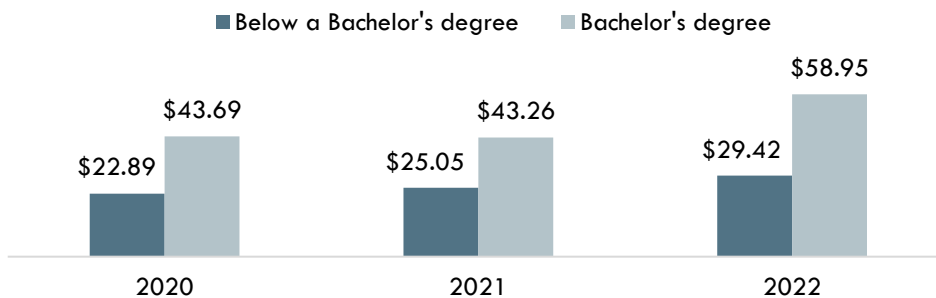

**Exhibit 8: Number of Online Job Postings for Architectural/Interior Design Occupations in San Diego County (2019-2022)<sup>14</sup>**

<sup>14</sup> Lightcast; "Job Posting Analytics." 2019-2022.

Between January 1, 2020, and December 30, 2022, employers in San Diego County advertised hourly wages ranging from \$22.89 to \$29.42 for online job postings in *Architectural/Interior Design Occupations* requiring less than a bachelor's degree. For positions needing a bachelor's degree, the advertised wages were between \$43.26 and \$58.95 per hour. This suggests a notable increase in median salaries for those holding a bachelor's degree (Exhibit 9).

**Exhibit 9: Median Advertised Salaries in Online Job Postings for Architectural/Interior Design Occupations by Education Level in San Diego County (2020-2022)<sup>15</sup>**

## Top Employers

Between January 1, 2020 and December 31, 2022, the top five employers in San Diego County were *General Atomics*, *Northrop Grumman*, *Apple*, *GPAC*, and *The Home Depot* based on online job postings (Exhibit 10).
